COMMENTARY: As we are only searching for BCSC court decisions we have created a filter for the British Columbia Superior Courts.

Filter by Citation Treatment

The screenshot displays a legal research interface. On the left is a 'Filters' sidebar with 5 active filters. The 'Citation Treatment' filter is expanded, showing a list of options: Neutral (11), Cautionary (6), No Treatment (2), Positive (2), and Negative (1). The 'Positive' option is selected. The main content area shows 'CA Cases (2 unique cases)'. A search query '"wrongful dismissal" dishonest!' is displayed with highlights. Below the query are icons for document actions. A single result is shown: 'TeBaerts v. Penta Builders Group Inc., 2016 CLLC para. 210-015'. The result details include the court (Supreme Court of British Columbia), jurisdiction (British Columbia), date (03 Nov 2015), and various citations. A 'Keyword' bar is visible above a snippet of the case text, which includes the word 'dishonest' highlighted in blue. On the right side, there are options to 'Sort by: Relevance' and a box for '5 Citing Cases' with a 'Note up with QuickCITE®' button.
